

PROFESSIONAL SUMMARY

ESCP MiM student specializing in Consumer-Centric Marketing, currently supporting European dairy innovation projects at Danone across the product-development lifecycle. Previous experience in international e-commerce, consumer insights and commercial performance across India, the US and Canada, with experience spanning product launches, localization, market analysis and cross-functional execution.

EDUCATION

ESCP BUSINESS SCHOOL - GRANDE ÉCOLE	Paris, France; Madrid, Spain
Master in Management	Sep. 2025 - Apr. 2028
Specialization: Consumer-Centric Marketing	
SAVITRIBAI PHULE PUNE UNIVERSITY	Pune, India
Bachelor's in Mechanical Engineering	Aug. 2019 - Apr. 2023
CGPA - 9.18/10 (top 1% of the cohort)	

PROFESSIONAL EXPERIENCE

DANONE	Paris, France
EU Innovation & Productivity Project Management Intern	Sep. 2026 - Feb. 2027
- Support European dairy innovation and productivity projects across the product-development lifecycle, coordinating milestones from concept validation and R&D trials through industrialization and launch readiness. - Collaborate cross-functionally with R&D, Marketing, Supply, Quality and Regulatory teams to track project status, timelines, risks and next steps across innovation initiatives. - Support innovation governance and portfolio performance through Power BI dashboards, KPI monitoring and data-quality reviews, providing visibility for project prioritization and decision-making.	
PEORA FASHIONS	Mumbai, India
Digital Marketing & E-Commerce Consultant	Jul. 2023 - Jun 2025
- Analyzed customer, sales, advertising, inventory and organic performance across a €68K monthly portfolio spanning India, the US and Canada, translating insights into commercial and marketing recommendations for founders. - Supported product launches and Canada market expansion through 20+ localized campaigns, adapting customer-facing content and 1,000+ keywords using regional search behaviour, customer insights and competitor benchmarking to strengthen market relevance. - Investigated declining organic visibility following stock-outs by integrating advertising, sales, inventory and ranking data in Excel and Power BI; identified inventory availability as a contributor to organic visibility and performance. - Designed and evaluated structured experiments across creatives, keywords and campaign targeting, using customer and competitor insights to guide optimization and contributing to a 25% increase in CTR and 18% reduction in ACoS.	

SELECTED PROJECTS

L'Oréal Brandstorm 2026 - Beauty Innovation & 360° Activation
Developed Prada Olfactive Skin, a fragrance innovation concept based on Gen Z research into dupe culture and emotional ownership; designed a 360° activation ecosystem spanning retail, fashion and experiential consumer touchpoints.
Givenchy Brand Strategy Case - Winner, ESCP Case Challenge (100-student cohort)
Developed a brand strategy reconnecting Givenchy's couture heritage with its contemporary identity, translating cultural and brand insights into recommendations designed to strengthen relevance with modern consumers.
